EDUCATION

Georgia Institute of Technology <i>Ph.D. Student in Robotics, Advisor: Prof. Danfei Xu</i>	08/2026-now
Tsinghua University <i>Bachelor of Engineering in Automation (GPA 3.92/4.0)</i>	08/2022-06/2026

RESEARCH INTEREST

My research explores how robots can learn dexterous, contact-rich manipulation from human data and physical interaction. I focus on physics-grounded robot learning and full-stack robotic systems that operate reliably in the real world.
